

HOMER project RESULTS

February 3rd 2015
Cagliari, Sardinia

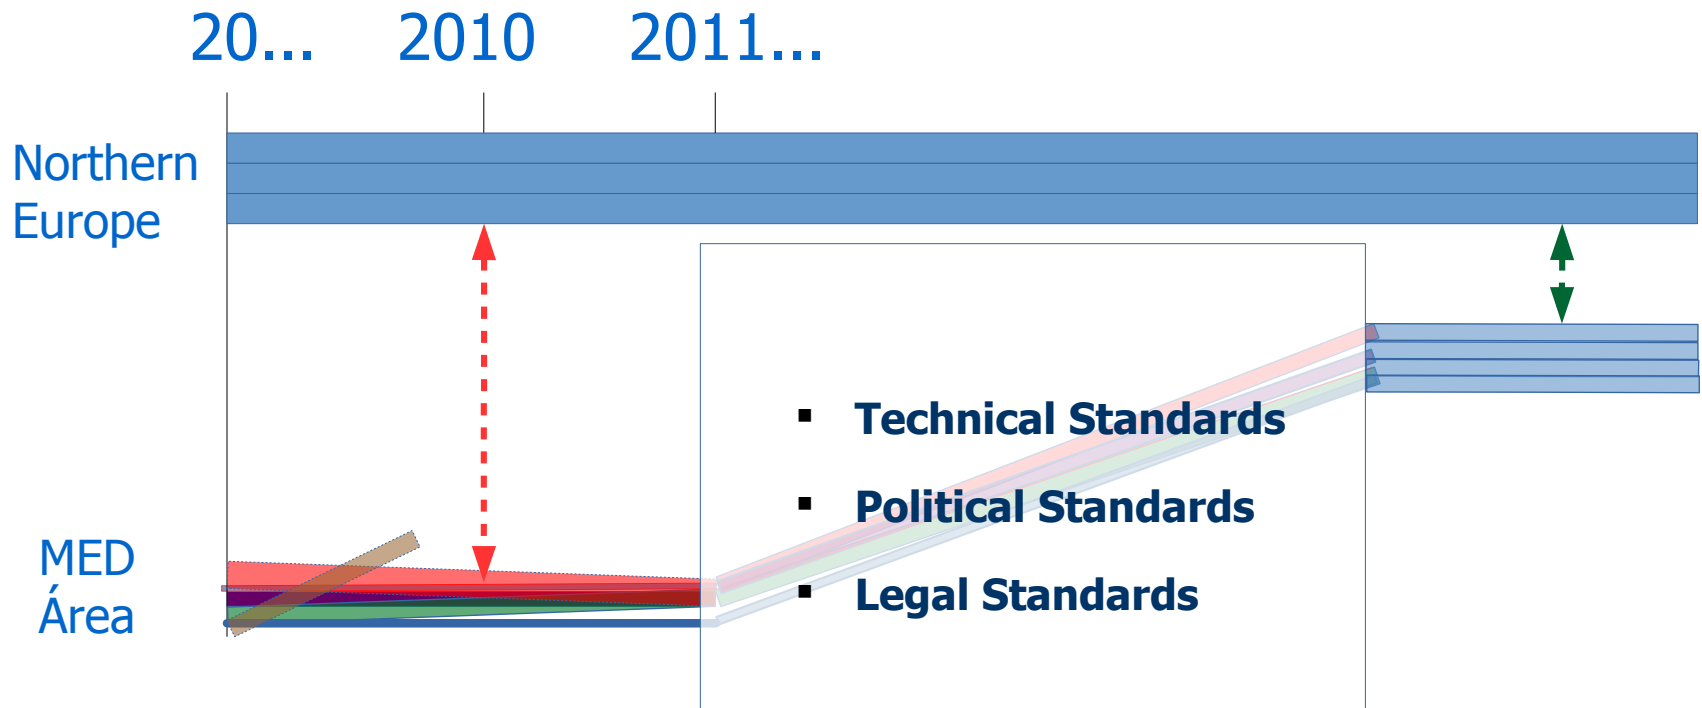

Javier Calvo Fernández
Agency for the Management of Agriculture and
Fisheries of Andalusia

Open Data scenario in Europe in 2010

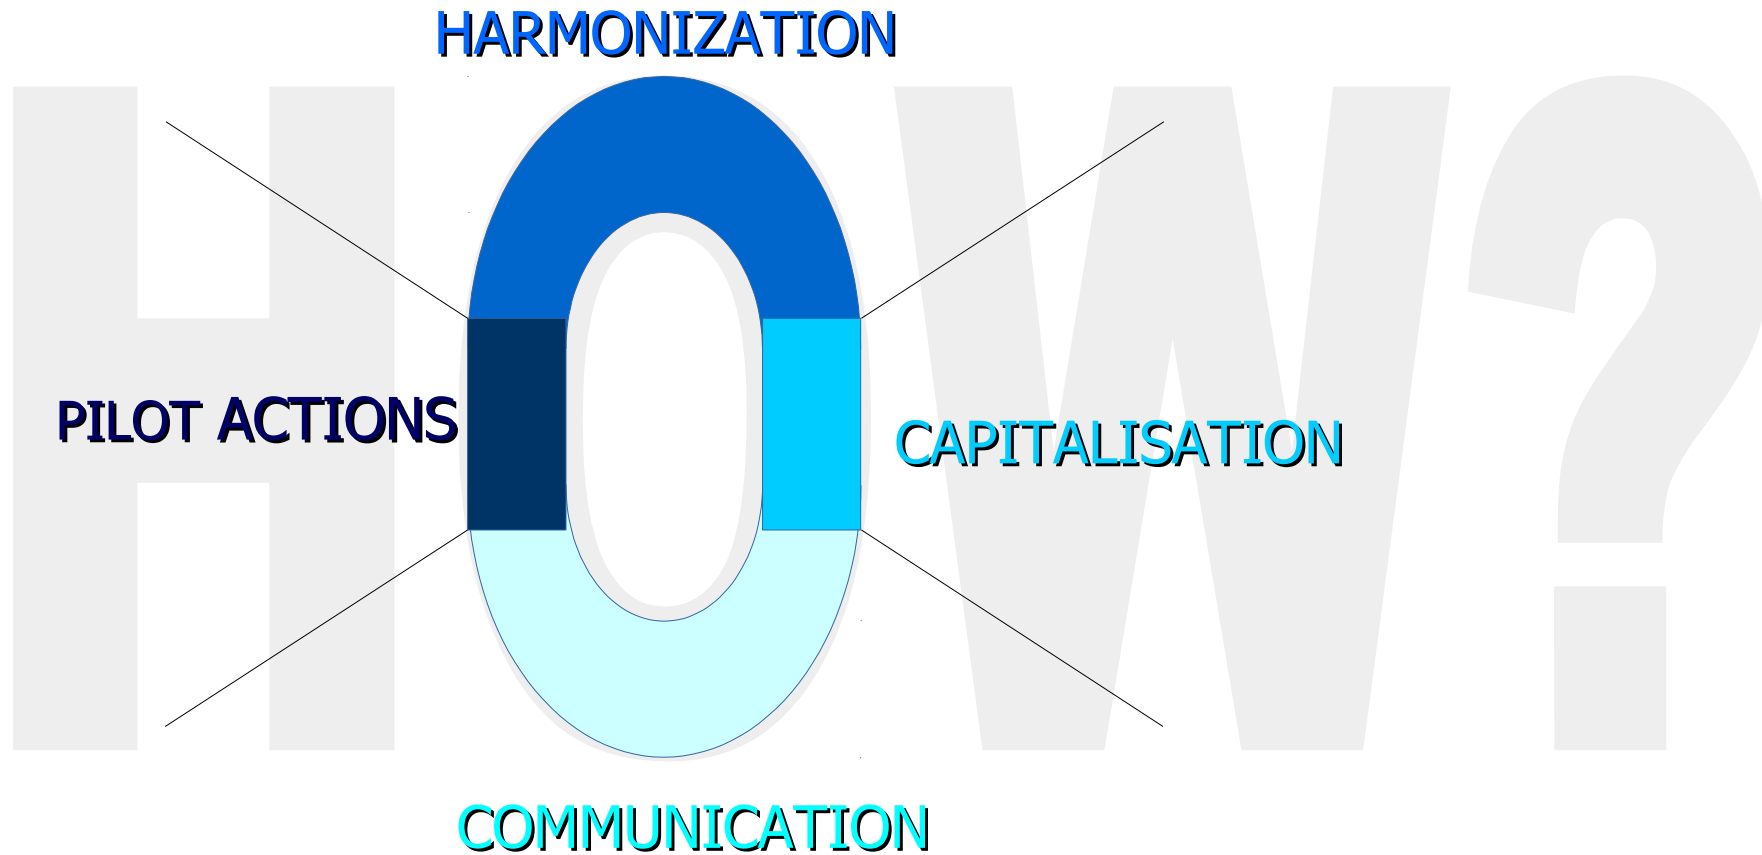

HOMER proposed:

Aims of HOMER:

1. **Stimulate the accessibility and re-use of Public Sector Information** across the MED area, to unlock the full potential of PSI in strategic economic sectors
2. **Improve the access to Public Information by the citizens** in order to participate in the public policies

HOW?

Let's watch a video clip!

<http://youtu.be/gFRhOCvxIh0>

HOMER strategies Outcomes:

Documental Legacy

- Socioeconomic Study
- State of the art in Open Data policies and strategies
- Technical & Legal requirements for the HOMER Federation
- Memorandum of Understanding
- **Action Plans** for each participant region

HOMER strategies Outcomes:

Technical Legacy

- HOMER FEDERATION
- Partner's Open Data portals
- Staff trained on Open Data (with technical and legal expertise)

- Over **4.500 reusable datasets** available... and increasing.
- 15 Open Data portals sharing PSI about strategic sectors.
- Multi language search of metadata.
- Open to future accession by other Partners.

HOMER strategies Outcomes:

Technical Legacy

- HOMER FEDERATION
- Partner's Open Data portals
- Staff trained on Open Data (with technical and legal expertise)

HOMER strategies Outcomes

OD and social participation

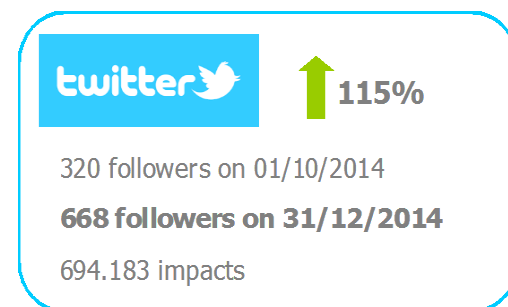

- Pilot actions workshops and hackathons

Information and awareness raising

- Public Conferences (Marseille, Seville, Turin.. and Brussels)
- HOMER websites (Project, Hack4med and Results)
- Dissemination through the most important social networks
- Brochures, posters and press releases

HOMER Results dissemination

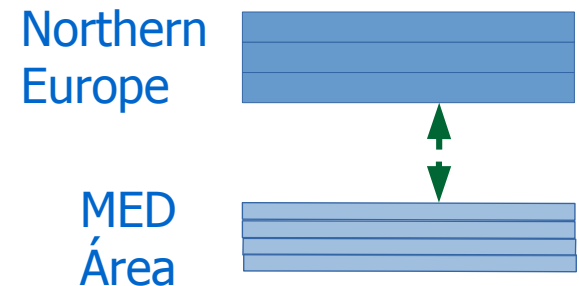

- Microsite (HOMER Results landing page)
- HOMER Results video
- Dissemination in social networks
 - **Facebook:** Campaign through microsite, website and Results video
 - **Twitter:** HOMER account dissemination and sponsored tweets
 - **Linkedin:** HOMER linkedin site creation
- HOMER Banners spread

GOOD RESULTS?

Remember...

- 1. Stimulate the accesibility and re-use of Public Sector Information** across the MED area, to unlock the full potential of PSI in strategic economic sectors
- 2. Improve the access to Public Information by the citizens** in order to participate in the public policies
